Dear Representative Hultgren,

On behalf of the Municipal Bonds for America Coalition, we wish to thank you for your advocacy in support of tax-exempt municipal bonds. From whipping your colleagues to the creation of the Congressional Municipal Finance Caucus, your work has been critical. In sum, you have made it easier to make the investments that make commerce possible and our communities livable.

We will continue to educate members of Congress on the many benefits of the traditional municipal bond market, but wanted you to know that your efforts are, and will continue to be, greatly appreciated.

Sincerely,

Mayor Steve Benjamin  
City of Columbia, S.C.
